1

Fit door in the hole hinged in the correct orientation (NOTE door is universal, i.e. can be fitted hinged on the left or right, just rotate 180° to so hinged on the opposite side).

2

Once door is square & firmly in position, using the pre-drilled tabs, mark fixing positions on the building lining/frame & drill using suitable drill bit.

3

Optional: if ordered the extra add on vanity trim (not cover any caps/rods), this can be fitted on the opposite side & secured with suitable adhesive /mastic.

Use anchor bolts or suitable frame fixings to secure in place (washers are advised). NOTE - due to various types of frame being installed into i.e. brick, metal, timber, we are unable to supply the door with fixings.

4

The lock mechanism latch can now be rotated to suit your configuration i.e. hinged left side or hinged right side using a screwdriver as shown.

5

Insert the lock mechanism cassette into the door & secure with the 2 x M5 screws as shown.

6

The lock barrel is fitted with with thumb turn from the inside / key insert to the outside. Handle & cover plate secured with screws as shown.

**UNIVERSALLY
HINGED LEFT OR
RIGHT**

Simply rotate the door 180° to hinge on the opposite side. Hinged side you can select at the point of installation depending on the orientation of the install.

1800mm x 2035mm outer dimensions ie. to fit 1800mm x 2035mm cut out (clear opening 1710mm) - door frame thickness 75mm / door leaf thickness 45mm. - comes pre-hung in frame and fixing points located around the frame for easy install with the correct screws/fixings (not supplied) into brick, timber, steel or other building material. We recommend adding 5-10mm to the external size about for fitting which can be filled with foam / silicone. We would recommend adding a rain drip to any inward opening doors being installed externally helping to prevent water ingress. Frame features knock out weep holes at external footer.

WE STOCK ALL: CONFIGURATIONS OF DOOR OPENING INWARDS OR OUTWARDS, AS VIEWED FROM OUTSIDE- Doors are universal and can be fitted with hinges either on the left or the right hand as viewed from outside by rotating the pre-latch mechanism,- SEE IMAGE FOR FURTHER DETAILS ON CONFIGURATIONS WHEN SELECTING YOUR VARIATION OF DOOR AS INCORRECT ORDERS/RETURNS MUST BE RETURNED AT BUYERS COST. IF IN DOUBT PLEASE ASK.
