Composite & Aluminium Fencing Slats - U  
channel Rails for concrete post / wall fixing  
- Black (52mm w x 37mm d)**

£47.40 **£26.40**

## Product Description

*Sold individually. Powder Black RAL9005. 1.8m lengths ie. for 6ft fence above ground or cut in half to 900mm/3ft fences. To buy our composite fencing slats click here. Note this is designed for our composite fence slats only due to the tight tolerances needed - wont fit other brands. Our fence slats are 1800mm wide. Will suit posts 1800mm or less only.*

*Not predrilled. Do not come with fixings. 52mm wide x 37mm deep. If fitting into existing concrete posts, please check the width suits your post type BEFORE ordering due to the range of sizes on the market we cannot guarantee compatibility.*

**[Long lasting, Maintenance Free Composite Fencing]** Alternative to traditional timber fence panels which (no need to stain or seal) & Mould / moisture resistant & splinter resistant)

**[Double sided/Reversible Composite Boards]** Gives that modern clean look on both sides of the fence whether split between a neighbour or creating a garden screen/balcony surround - composite fencing will be sure to look great from any angle

**[Ease of install Tongue & Groove Composite Panels]** 6ft /1800mm wide Tongue & Groove composite fence panels simply drop and slot in between the aluminium upright post channels, locking into place on top of one another - no need for exposed screws or nail heads giving a clean, minimalist look **[Aluminium Posts for Surface fixing or concreting in]** Supplied complete with matt Black powder coated aluminium posts with options of base plate for surface fixing onto existing floors

such as concrete, patios, decks OR longer posts for concreting straight in/sunk in the ground (2400mm for 6ft height / 1200mm for 3ft high posts)

**Composite Fence Panel Technical Specs** Board Length: 6ft / 1770mm

Board Width: 161.5mm (150mm finished width once the tongue/groove is locked into place ie. 3ft/900mm fence = 5 boards/slats - 4ft/1200mm boards/slats - 5ft/1500mm 9 boards/slats - 6ft/1800mm fence = 11 boards/slats

Board Thickness: 20mm reversible both sides

Each board weighs approximately 4.1kg

Fixing post centres 1800mm +/-5mm. Can be cut shorter for shorter spans between posts
