Frameless Glass Balustrade Kit - Complete Kit 3m to 30m - Aluminium Channel + 12mm Toughened Glass Panels + End Caps - 1100mm High (Tested to BS6180:2011)

£449.00

Product Description

Complete Frameless Glass Balustrade Kit

Everything you need for a straight run of frameless glass balustrade in one order. Choose your run length from 3m to 30m, and add 90 corner pieces if your run turns a corner.

What's in the kit

- 3m lengths of silver anodised aluminium channel (130mm H x 65mm W)
- 1m 12mm toughened frameless glass panels (BS EN 12150), 1080mm high for a 1100mm finished height
- Gaskets & packers included as standard
- Stainless steel connection pins for joining lengths

Every kit also includes **2 x end caps**.

Choose your length

Kits are sold in 3m multiples: 3m, 6m, 9m, 12m, 15m, 18m, 21m, 24m, 27m and 30m. Longer kits are discounted per metre.

Optional corner sections

Add 1 or 2 x 150mm 90 corner pieces from the drop-down if your balustrade turns a corner.

Tested to BS6180:2011

Independently load tested by STS (certificate IC12207) at 0.74kN/m with 12mm glass, for domestic and light commercial use in areas not subject to overcrowding. A stainless steel handrail capping is available separately. Please check your project's requirements with building control before ordering.

Delivery

Due to the size and weight of the glass, deliveries are kerbside only and need help to unload.
