

Side Door Frame Extensions - Expanding Side Panels & Overhead Infill Head Panels**£51.00**

Door Frame Extensions - Expanding Side Panels & Overhead Infill Head Panels

NOTE - THESE ARE ONLY COMPATIBLE WITH OUR GEN2/V2 STEEL SECURITY DOOR SEEN [HERE](#).

Extend / expand our standard 840 / 940mm / 1040mm doors from 15mm to 100mm. These frame expanding side panels slide onto the standard door frame, and with special wind out lugs can be wound to bridge a gap on either/both side of the door or the top/header panel, between the wall and the door. Hex key required for winding out lugs found at pre-threaded holes at the fixing plate positions.

PLEASE NOTE - STOCK STANDARD SIZED 2035mm h x 840mm/940mm/1040mm w. For any sizes in between 840mm - 1140mm, we stock expansion infill panels which simply clip on the side of the door and wind out with an allen key to fill desired gap. 2 sizes available depending on the size of the gap - see selection table for assistance to make any stock door fit a custom sized aperture. 35mm or 55mm side / top expansion infill panels can be added to fit any aperture from 840mm - 1140mm / 2035mm h - 2090mm h. See table below for details & instructions

Stock Door Size	+ 35mm Side Panel	+ 55mm Side Panel	+ 35mm Header Panel	+ 55mm Header Panel
840mm x 2035	840mm - 890mm	890mm - 940mm	2035mm - 2070mm	2070mm - 2090mm
940mm x 2035	940mm - 990mm	990mm - 1040mm	2035mm - 2070mm	2070mm - 2090mm
1040mm x 2035	1040mm - 1090mm	1090mm - 1140mm	2035mm - 2070mm	2070mm - 2090mm

Infil panel selection table to suit any aperture ie. if you have an aperture 900mm x 2070mm, select the 840mm door with 55mm side panel to make 900mm width. Then select the 35mm header panel to increase height from standard 2035mm h to 2070mm.
